	Additional Information

Section A - Appointments & Consultations

Service	Price and key features
Consultant Appointment	Starting from £200 (please ask your Consultant for their individual pricing structure) <u>Please note</u> - Consultant appointments will be invoiced directly to you by your Consultant's private secretary. The Fertility Centre does not take consultant fee payments.
Nurse Consultation	£165
Counselling	£115 per appointment

Section B - Tests, Screening and Diagnostics

Please note: full payment is required for all diagnostic tests either before your appointment or immediately after bloods have been taken / tests undertaken.

Scans

Service	Price and key features
HyCoSy Scan (Hysterosalpingo Contrast Sonography)	£535
Diagnostic / pelvic ultrasound	£200
Saline Scan	£360

Hormone Tests

Service	Price and key features
Anti Mullerian Hormone (AMH)	£115
Follicle Stimulating Hormone (FSH)	£48
Human Chorionic Gonadotropin (HCG)	£48
Luteinizing Hormone (LH)	£48
Oestradiol (E2)	£48
Progesterone (P4)	£48
Prolactin (PRL)	£48
Thyroid Function Tests (TFTs)	£41
Testosterone	£60
Sex Hormone Binding Globulin	£41

Virology / Immunity Tests

Service	Price and key features
Chlamydia (Urine)	£75
Cytomegalovirus (CMV) antibodies	£75
Combined Virology Screen - HIV, Hepatitis B, Hepatitis C	£135
Rubella antibody (IgG)	£60
Syphilis screen	£42
HTLV I/II	£95
Antithyroid antibodies	£80

Andrology

Service	Price and key features
Semen analysis	£145
Semen culture	£65
Sperm DNA Fragmentation	£525
Sperm DNA Fragmentation - Focus test for lowest sperm concentrations	£610

Bloods / Other

Service	Price and key features
Full Blood Count (FBC)	£48
Blood Group	£56
Thrombophilia screen	£295
Y-Microdeletions	£235
Thalassemia screen	£130
Sickle cell screen	£130
Liver function	£42
Renal function	£42
Anti-Phospholipid screen	£300
Urine culture	£42
High vaginal swab for culture	£32

All other tests	If you require or would like to discuss other tests available, please speak to a member of the patient liaison team who can provide you with more information.
-----------------	--

Section H – Treatment Cancellation & Abandonment

IVF (including ICSI) and Egg Freeze Cycles

Where any attempt at egg collection takes place, even if there are no viable eggs collected or failed fertilisation occurs, **a cycle will be counted as complete whether or not a transfer is attempted.**

In the event that no embryo transfer takes place, we regret that no refund can be issued for treatment received until this point but patients will receive a £250 no transfer credit to their account.

Should treatment be abandoned for clinical reasons prior to the egg collection procedure, patients will be eligible for a partial refund of the cycle package cost. Patients will be charged for all treatment received until that date by way of £900 cancellation fee and the difference (cycle cost less £900) will remain on the patients account as a credit.

Cancellation fees are not applicable for ICB NHS funded patients. Please contact the booking team to understand the funding implications of cancelling your ICB NHS funded Fertility Treatment.

IUI Cycle

Should treatment be abandoned for clinical reasons prior to insertion of prepared sperm, patients will be eligible for a partial refund of the cycle package costs.

Patients will be charged for all treatment received until that date by way of £600 cancellation fee and the difference (cycle cost less £600) will remain on the patients account as a credit.

Frozen Embryo Transfer (FET) Cycle and Frozen Egg Thaw Cycle

Should treatment be abandoned for clinical reasons prior to transfer, patients will be eligible for a partial refund of cycle package cost. A cancellation charge of £600 will be applied in the circumstance.

Patient Indicated Cancellations

Prior to Nurse consultation, if patients decide to no longer proceed with treatment at The Fertility Centre we will be able to offer you a full refund of your fees as long as your Nurse consultation is cancelled with a minimum 48 hours' notice of your appointment.

Post Nurse consultation, if patients decide to no longer proceed with treatment at The Fertility Centre, before your stim start scan and starting your stimulation medication, then we will be able to offer you a full refund minus your Nurse consultation fee.

Additional Information

Payment Terms and Contacting Us

Private patients will be given a costed treatment plan from The Fertility Centre. This aims to provide you with an estimate of the cost of your treatment; this may be subject to change based on clinical investigations and ovarian stimulation protocol.

We require full payment upon booking your cycle and prior to attending your Nurse consultation. Patient's appointments will not be confirmed until payment has been received and has been fully processed to the patient's account.

Payment for treatment can be made by –

- Credit card
- Debit card
- Bank transfer
- Via our secure online payment portal (hosted by gov.uk).

Please note that if patients choose to pay by bank transfer or the online payment portal, the payment must be within our account no later than 5 working days before their appointment or treatment date.

Patient accounts are regularly checked by our booking team and we respectfully ask patients to ensure that all fees are paid in full and in good time.

If overdue amounts remain owing, patients will be contacted and their appointments will either be rescheduled or (in the event that contact cannot be made) cancelled. Please note this may be up to 24 hours before the appointment or treatment date.

Medication fees have to be paid on the day the prescription is obtained. We are only able to accept debit and credit card payments for medication.

If you require further clarification on any matters, please

- review our website <https://chelwestprivatecare.co.uk/fertility-centre/>
- or contact our booking team on 020 3315 8585
- or contact us via email at chelwest.acu@nhs.net
